ALEKSANDER VOLNOV

QA ENGINEER

SUMMARY

I'm interested in my professional development and strive to work on my skills candidate for the position of QA Engineer. My biggest strength is attention to detail. This is an important skill for a tester and I acquired it working as a lawyer in an IT-company. I gained experience in exploratory testing, UI testing, and applying a lot of black box test design techniques while evaluating the "Adventure and Life" and "Eat IT" mobile apps. In my work I strive to achieve results and cooperate effectively with my colleagues.

PROFESSIONAL BACKGROUND
